

RAJ MAHESH SHARMA

+91 9359674711 ✦ Sillod, Maharashtra, India

r.m.sharma.1069@gmail.com ✦ [LinkedIn](#) ✦ [GitHub](#) ✦ [Portfolio](#)

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science, Yeshwantrao Chavan College
Relevant Coursework: Data Structures & Algorithms, SQL, OOP, Math, Statistics

Expected 05/2027
CGPA: 8.44/10

SKILLS

Programming & Databases	Python, SQL (MySQL)
Data Science & ML Libraries	Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn
Core Competencies & AI	Machine Learning, Data Analytics, Predictive Modeling, RAG
Tools & Version Control	Git, GitHub, Jupyter Notebook

PROJECTS

AI Document Intelligence Agent (RAG System) | [GitHub](#)
Python, LangChain, Llama 3.3, ChromaDB, HuggingFace, Streamlit, Groq API

01/2026 - Present

- Engineered a scalable RAG pipeline processing 200MB PDFs, restricting prompts to top-5 matches to stop hallucinations.
- Built a LangChain text pipeline generating llama-3.3-70b embeddings in ChromaDB for sub-second retrieval.
- Integrated Meta Llama 3.3 via Groq API, achieving inference speeds of 100+ tokens/sec via Streamlit Cloud.

VidQuery: Multimodal AI Video Search Engine | [GitHub](#)
Python, OpenCV, YOLOv8, CLIP, ChromaDB, EasyOCR, PyTorch, SciPy

03/2026 - Present

- Engineered an end-to-end pipeline to search video footage using semantic text queries and zero-shot detection (YOLOv8).
- Architected a 1 FPS frame-extraction system using CLIP (ViT-B-32) and ChromaDB for sub-second vector retrieval.
- Developed a cross-frame object tracking algorithm leveraging Intersection over Union (IoU) and the Hungarian algorithm.
- Integrated EasyOCR and K-Means clustering to enable dynamic text and dominant color indexing directly from frames.

CERTIFICATIONS

Oracle Cloud Infrastructure 2025 AI Foundations Associate
Issued by Oracle · Validated expertise in Cloud and AI fundamentals, deploying Machine Learning workflows on OCI, and Responsible AI practices.

September 2025

LEADERSHIP EXPERIENCE

Chief Minister (Student Campus Lead)
Career Katta Initiative (MITSC)

07/2025 - Present

- Directed a 12-member leadership team to spearhead the campus-level implementation of a state-wide skill development program in collaboration with MITSC.
- Orchestrated campus-wide awareness campaigns and daily digital workshops for career guidance (e.g., "IAS Aaplya Bhetila"), successfully engaging and onboarding 100+ students.
- Acted as the primary liaison between college administration and the student body, facilitating access to industry experts to significantly enhance peer employability skills.
